

America's Freedom

By: Hazel Gay Lee, song lyrics ©2013

- Verse 1** **America! America! So proud we're the USA**
And to the ones for all they've done to make us feel this way
Within our soil lie the ones who fought for our freedom
I kiss the graves where they are laid for they are America
For those now gone and those still here who stood so proud and brave
I honor you for being true and all the love you gave
To the families who patiently has waited with such hope
And to their cries for those who died and their struggles just to cope
- Chorus** **Stand still the earth**
Stand still the moon
Stand still the stars and sun
A silent prayer for all who've shared
To make us number one
- Verse 2** **America! America! So proud we're the USA**
And to each one for all you've done to make me feel this way
To the POW's and MIA's, wherever you may be
I salute you and pray for you for your safe return
To the young and old, the scared and brave, and those who gave their all
I bow my head in great respect for heeding our nation's call
The Commander and Chief and the boot camp soldier
And all the ranks between
You fought the fight. You paid the price for freedom and what that means
- Chorus** **Stand still the earth**
Stand still the moon
Stand still the stars and sun
A silent prayer for all who've shared
To make us number one
- Repeat** **America! America! So proud we're the USA**
And to each one for all you've done to make me feel this way.
- Spoken** **"God Bless our past, present, and future military heroes and all of their families. You are loved and appreciated."**
- Closing** **(Soft echoing) for all you've done to make us feel this way.**
